

IROC Spring 2024 Virtual Learning Session – At A Glance

Objectives:

- Discover interventions and resources to accelerate your team’s improvement effort in Reducing Rejection, Blood Pressure Control, and Reliable Measurement
- Discuss IROC’s shared vision and foster understanding of our strategic objectives and the overall impact of our efforts
- Enhance your center’s participation in Quality Improvement, IROC Leadership, Community Engagement, and Research

Friday, March 1, 2024

Start Time: 11 a.m. ET / 10 a.m. CT / 9 a.m. MT / 8 a.m. PT

Welcome

IROC Now

- Review progress toward accomplishing goals made at the fall Learning Session
- Report the latest IROC Dashboard updates

Ignite Talk

- Connect with IROC’s mission and impact through a parent’s journey

Community Engagement Workgroup: Hope, Health, and Strength

- Meet the new CEW Co-Chair
- Discover what the CEW has in store for the coming year

Blood Pressure Path Toward Results: A Center’s Experience

- Gain knowledge from an IROC center’s experience with strategies and lessons learned to improve Blood Pressure control

Implementing the Barriers Assessment Tool: A Center’s Experience

- Gain knowledge from an IROC center’s experience with strategies and lessons learned administering the BAT and related interventions

What is new with the IROC Registry?

- Maximize your site’s improvement efforts through new registry capabilities and features

Electronic Data Transfer for the Visit Form: A Center’s Experience

- Gain knowledge from an IROC center’s experience setting up the infrastructure and testing the EDT process for the visit forms at their center

Research Committee: Gaining Momentum

- Celebrate submitted research abstracts, papers, and posters
- Summarize progress within the 5 Research Subgroups: Biorepository, Cardiovascular Risk, Patient Caregiver & Research, Quality of Life, and Rejection

Concurrent Breakout Sessions:

Understanding and Communicating Our Value

**Recommended for Site PI’s and leaders*

- Review and evaluate IROC’s strategy and tools to share the value of IROC and the success of your improvement efforts with institutional leadership

Population Management: Exploring Registry Data

- Demonstrate ways to examine your center’s data in the registry using available registry features

Quality Improvement Tool Time: Change Ideas

- Practice ways to identify, develop, and document changes to support improvement efforts

Beyond the Board: Topics on the Turn of a Card

- A game-based discussion to initiate rich conversations and explore insights around topics impacting IROC, including game-changing innovations, current challenges, reducing rejection, and the future of kidney transplant care

Looking Ahead

- Call to action

Team Time

- Structured opportunity to meet with your team to evaluate your current progress, assess your goals, and plan for the next action period
- Coaching and feedback from the IROC QIS team will be available if you choose to host your team time in a Learning Session breakout room

End Time: 5 p.m. ET / 4 p.m. CT / 3 p.m. MT / 2 p.m. PT
